Dear Healthcare Provider:

Several times each month our staff is contacted by healthcare providers statewide asking about the recent changes made to the Workers' Compensation Healthcare Practice Guidelines. I recently attended a Bar Association seminar on this very topic. Don Marston, a partner from our office, and Andrew Carmine, a defense attorney, prepared an excellent summary of the new Guidelines and the changes for passive modalities. You can view the changes to the Guidelines here: [Notable Changes to Health Care Practice Guidelines](#), which you may find helpful in guiding your office procedures.

As always, should you have any questions please feel free to contact our office at 1-800-632-9230. We have attorneys in offices statewide to answer any of your questions on the Guidelines.

Thank you.

Sincerely,

ERIC M. DOROSHOW  
Attorney at Law
