February 2, 2012

Dear Healthcare Provider:

The Delaware Office of Workers' Compensation (Healthcare Payment System Department) has notified us that the new 2012 Fee Schedule has been made effective as of January 31, 2012. The Fee Schedule is available for your review at: <http://dowc.ingenix.com/info.asp?page=rules>. All three - professional, hospital and ambulatory surgery center - fee increases are effective as of January 31, 2012.

Additionally, you will notice the following two important differences in the 2012 Fee Schedule:

1. Medical Code descriptions are no longer published in the professional Fee Schedule due to a new, prohibitive, licensing cost.
2. The medical codes are not updated in the 2012 Fee Schedule. Continue to use the same medical code versions you used in 2011.

Also please be reminded that all certified healthcare providers must complete a State-approved continuing education course in workers' compensation care every two years. For more information on these courses, please visit <http://dowc.ingenix.com/courseLogin.asp>.

For further information or if you have any questions, feel free to contact me at: EricDoroshow@dplaw.com or by phone: 1-800-632-9230.

Sincerely,

Eric M. Doroshow
Attorney at Law
